*Custom and Corporate Colors Available.

Through-body color is coordinated to best match the desired NeaCera® terra-cotta panel finish. Red hues are based on a red clay matrix, light hues on white, and gray hues on gray. Please call for custom through-body details at 866-388-8833.
NOTE: Color representations on this page can vary from the real color. NeaCera® panels are natural clay products and therefore are not perfectly consistent. Some colors and aggregate variations may exist.
